- In this period, man barely managed to gather his food and subsisted on hunting.
- Distinguished by the development of the first stone tools made up of Quartzite.
- Palaeolithic period is divided into three phases. They are
  1. Lower Palaeolithic
  2. Middle Palaeolithic
  3. Upper Palaeolithic

- They practised agriculture, venerated mother Goddess and worshipped the bull.

Indus Valley Civilisation

- Indus Valley Civilisation is one of the four earliest civilisations of the world.
- According to radiocarbon dating, initiation of Indus Valley Civilisation can be dated around 2500-1750 BC
• Systematic town planning was based on grid system; burnt bricks were used to construct houses; well – managed drainage system; fortified Citadel; highly urbanised; absence of iron implements.

• The Great Bath (Mohenjodaro) was used for religious bathing. There were changing rooms alongside.

• Six granaries in a row were found in the Citadel at Harappa.

• The towns were divided into 2 parts; the Upper Part or Citadel and the Lower Part. Harappans were ruled by a class of merchants, as no evidence of weapons are found there.

• Indus people sowed seeds in November and reaped their harvest in April, because of the danger of flood

• Produced wheat, barley, rai, peas, seaum, rice and mustard.

• Indus people first produced cotton, which the Greeks termed as Sindon (derived from Sindh)

• Animals known were oxen, sheep, buffaloes, goats, pigs, elephants, dogs, cats, asses and camels.

• Well-knit external and internal trade. Barter system was prevalent.

• A very interesting feature of this civilisation was that iron was not known to the people.

• The Indus people used weights and measures in the multiples of 16.

• Harappans looked on Earth as fertility Goddess and phallic (lingam) and yoni worship was prevalent.

• Unicorn was the most worshipped animal. Many trees (pipal), animals (bull), birds (dove, pigeon) and stones too were worshipped though no evidence of temple has been found.

• Dead bodies were placed in North-South orientation.

• The Seal of Pashupati depicts elephant, tiger, rhinoceros and buffalo. Two deen appear at the feet of Pashupati.

• The Indus people believed in ghosts and evil forces evident by their use of amulets for protection against them. Fire altars are found at Lothal and Kalibangan.

• The greatest artistic creation of the Harappan culture were the seals, made of steatite, Harappan script is pictographic, but hasn’t been deciphered yet.
- The script was written from right to left in the first line and left to right in the second line. This style is called Boustrophedon.
- Occupations practiced were spinning, weaving, boat-making, goldsmiths, making pottery and seal-making.
- The possible causes of the decline of the civilisation may be invasion of the Aryans, recurrent floods, social break-up of Harappans and earthquakes, etc.
- Boundaries North-Mandu (J&K); South-Daimabad (Maharashtra); East-Alamgirpur; West – Sutkagendor.

The Vedic Civilization:

The Vedic Civilization was the culture and traditions of the society prevalent during the Vedic age (1500-600 BCE). It should be noted here that after the decline of Indus Valley civilization by 1500 BCE, the next wave of civilization began to take shape in form of Aryan occupation of Indo-Gangetic plain.

The Aryans:

Typically, the age of Aryans is known as the Vedic age because the four major Vedas were created in this time.

- The word Aryan is derived from the Sanskrit word “arya” which means noble, not ordinary.
- They arrived from Russian steppes, as is believed and agreed to by majority historians.
- But various scholars voice different opinion about their origin. Bal Gangadhar Tilak argued that Aryans came from the Arctic region following their astronomical calculations.
- It is generally agreed that they spoke Indo-Aryan Language, Sanskrit.
- They were semi-nomadic, pastoral people, who led a rural life as compared to the urban Harappans.

Vedic Literature:

- The term Veda means “superior knowledge” in Sanskrit.
- Four major Vedas constitute the vedic literature. They are – Rig Veda, Yajur Veda, Sam Veda, and Atharva Veda.
- Yajur Veda – Has details of rules to be followed during sacrifices.
- **Sam Veda** – Has a collection of songs. The origins of Indian music are traced to it.
- Atharva Veda – has a collection of spells and charms.
- Besides these Vedas, there were Brahmanas, Upnishads, Aryankas, and epics- Ramayana and Mahabharata.
- Brahmanas – Prose about vedic hymns, rituals and philosophies.
Aryankas – Deal with mysticism, rites and rituals.
Upnishads – Philosophical texts dealing with soul, mysteries of nature.
Ramayana was authored by Valmiki.
Mahabharata was written by Ved Vyasa.

Classification of Vedic Period:
The period of Vedic Civilization (1500-500 BCE) is divided into two broad parts –
1) Early Vedic Period (1500-1000 BC), also known as Rig Vedic Period.
2) Later Vedic Period (1000- 600 BC).

In Early Vedic Age:
‘Kula‘ was the basic unit of political organization.
Multiple families together of kinship formed a ‘grama‘.
Leader of ‘grama’ was ‘Gramani’.
Group of villages were called ‘visu’, headed by ‘vishayapati’.
The highest political and administrative unit was ‘jana’ or tribe.
There were several such tribal kingdoms – Bharatas, Matsyas, Yadus and Purus.
The head of kingdom was ‘Rajan’ or king.
The Rig Vedic polity was hereditary monarchy normally.
There were two bodies- Sabha(council of elders) and Samiti(general assembly of people).

In Later Vedic Age:
Larger kingdoms by amalgamation formed ‘Mahajanapadas or rashtras‘.
Therefore, the power of king increased and he performed various rituals and sacrifices to make his position strong like Rajasuya (consecration ceremony), Asvamedha (horse sacrifice) and Vajpeya (chariot race).
The kings assumed titles of Rajavisvajanan, Ahilabhuvanapathi(lord of all earth), Ekrat and Samrat (sole ruler).
But, importance of the Samiti and the Sabha diminished.
